ACKNOWLEDGEMENT OF THE CHIEF OF 4TH MAKASSAR OBSTETRICS AND GYNECOLOGY UPDATE (MOU) COMMITTEE

Kemajuan ilmu kedokteran dalam lingkup Obstetri Ginekologi memiliki perkembangan yang sangat pesat di seluruh dunia, hal ini memicu banyaknya ilmu pengetahuan yang baru yang tentu saja harus diikuti dengan kemajuan kemampuan kita dalam menangani pasien terutama yang berbasis kesehatan reproduksi. Kemampuan meningkatkan kualitas secara personal tentu saja harus diseimbangkan dengan perkembangan teknologi yang ada saat ini.

Dengan kemajuan konsep-konsep terkini dalam bidang Obstetri dan Ginekologi, pertemuan ilmiah diperlukan untuk memperoleh kesamaan persepsi dalam perbaikan pemberian layanan di bidang Obstetri dan Ginekologi. Berdasarkan pemikiran tersebut, Departemen Obstetri dan Ginekologi Fakultas Kedokteran Universitas Hasanuddin bekerjasama dengan Perhimpunan Obstetri dan Ginekologi Indonesia (POGI) Cabang Makassar, menyelenggarakan “Makassar Obstetrics and Gynecology Update ke 4”, dengan mengusung tema Form Evidence to Practice : Update Obstetri dan Ginekologi untuk Praktik Klinis yang lebih baik.

Acara ini merupakan acara yang berkelanjutan dari Makassar Obstetrics and Gynecology Update 1 , 2 dan 3. Acara yang didahului dengan satu hari workshop dan dua hari symposium serta dirangkaikan dengan malam ramah tamah dilaksanakan pada tanggal 13-15 November 2025 di Hotel Four point Makassar dengan target peserta bidan, dokter umum dan dokter spesialis obstetri dan ginekologi.

Adapun hasil luaran yang diharapkan dari pertemuan ilmiah ini adalah adanya perubahan paradigma para pelayan kesehatan di bidang obstetri dan ginekologi sehingga dalam memberikan layanan obstetri dan ginekologi mengikuti konsep-konsep berbasis bukti ilmiah terkini. Kami tunggu kehadirannya pada acara Workshop dan Symposium Makassar Obgyn Update ke 4 di Makassar.

Dr.dr. Samrichard Rambulangi,
Sp. OG, Subsp. FER

WORKSHOP

13th November 2025

GYNECOLOGY ONCOLOGY

Retroperitoneal Space Approach and Basic Technique of
Total Abdominal Hysterectomy (Hands On Limited Edition)

Target Participants

- Workshop only: **20 participants**
- Workshop + Hands On: **5 participants**

Registration Fee

- Workshop only: **IDR 4.000.000**
- Workshop + Hands On: **IDR 7.500.000**

SOCIAL OBSTETRIC AND GYNECOLOGY

Handling Complain to Prevent Lawsuits in Daily Practice

Target Participants

40 - 60 people

(ObGyn Specialist, General
Practitioners, and Midwives)

Registration Fee

- Ob-Gyn Specialist: **IDR 1.500.000**
- General Practitioners:
IDR 1.000.000
- Midwives: **IDR 750.000**

FETOMATERNAL

Obstetric Emergency: From Guidelines to
Bedside Application

Target Participants

30 - 42 people (ObGyn Specialist)

Registration Fee

IDR 3.250.000

FERTILITY, ENDOCRINOLOGY, AND REPRODUCTION

Application of Steroid Hormones in Gynecological Cases

Target Participants

40 - 60 people

(ObGyn Specialist and
General Practitioners)

Registration Fee

- ObGyn Specialist:
IDR 1.500.000
- General Practitioners:
IDR 1.000.000

UROGYNECOLOGY RECONSTRUCTION AESTHETICA

Grade 1 and 2 Perineal Rupture Repair for
General Practitioners and Midwives
Hands On: Wet Lab

Target Participants

40 - 60 people

(General Practitioners and Midwives)

Registration Fee

IDR 2.000.000
